REPUBLICANS TRIUMPHANT.

Kentucky Safe and a Huge Plurality Rolled Up in Ohio.

Associated Press Dispatches by

The Tribune's Special Leased Wire.

LOUISVILLE, Ky., Nov. 8.—All Republicans return from all but thirteen counties, some of which are unreported, and with the vote of 1897 as the basis of calculation, the total and official returns give Taylor a plurality in the State figures, 6,700. A majority of the missing counties are in the Seventh district, which is largely Republican. Republicans have gained two seats in the Senate and one in the House.

There were many close contests, and a feature in several of them was the strength of the Socialists. Democrats in the towns that had been taken by the party were given a larger vote than that received by either the Republican or Democratic opponents, although they were able to carry only two entire districts.

HOW THE VOTE STANDS IN THE KEYSTONE STATE

Associated Press Dispatches by

The Tribune's Special Leased Wire.

PHILADELPHIA, Nov. 8.—In this city yesterday the total vote cast was 152,333. The registration was 152,336. The contest on the State ticket was over the office of Governor. Tammam, Democrat, James E. B. Taylor, Republican, got 68,582 plurality over his Democratic opponent, William T. Creasy, who vote resulting:

Barnett, 10,078.
Creasy, 40,532.
Cuthbert, Princeton, 1,520.
Fife, 220.

J. Hay Brown, the Republican candidate for the Supreme Court, has 48,842 plurality over Mestrel, Democrat, but both were elected. There are two vacancies in this body. For State Senator, Tammam, Democrat, got 25,000 plurality over Reilly, Democrat. These figures would indicate that as a result of the attack on Barnett's military record he was beaten by 10,000 votes in this city. The returns received give Goebel a plurality of 7,072, but of the counties not yet heard from, there are indications that the total of 10,000 will be exceeded. The total of 32,600,000 for the improvement of the city water supply was overwhelmingly carried.

The vote in favor of it was 114,580 and against it 112,000. The returns from Kentucky seem to hold good at this time. Returns received give Goebel a plurality of 7,072, but of the counties not yet heard from, there are indications that the total of 10,000 will be exceeded. The total of 32,600,000 for the improvement of the city water supply was overwhelmingly carried.

TAYLOR'S PROTRATIVE PLURALITY. CINCINNATI, Nov. 8.—Superintendent Miller of the Western Union Telegraph Company, who has been collecting the election returns of Kentucky, issued the following bulletin today:

"We have received official returns from two-thirds of the counties, and these, based upon very conservative estimates from the reliable companies, show that Taylor's plurality will not be less than 10,000. As the returns come in they are more favorable and will undoubtedly increase the Republican plurality. Every effort has been made to circumvent fraud, should it be attempted."

REPUBLICAN ESTIMATES. LOUISVILLE, Ky., Nov. 8.—All Republicans return from all but thirteen counties, some of which are unreported, and with the vote of 1897 as the basis of calculation, the total and official returns give Taylor a plurality of 3,200. The returns from the remaining counties are still待定.

FRANKFORT, Ky., Nov. 8.—All Goebel returns from all but three remaining former Senator Blackburn said:

"The Republicans must carry Jefferson county by over 4,500 to win, and our information is that they have failed. In the other counties, mostly, while small, is safe, and our ticket is elected. Democrats will have a majority in both houses of the Legislature. Our majority on joint ballot will be at least twice, and probably three times, as large."

THE REPUBLICAN PLURALITY.

CINCINNATI, Nov. 8.—Superintendent Miller of the Western Union Telegraph Company, who has been collecting the election returns of Kentucky, issued the following bulletin today:

"We have received official returns from two-thirds of the counties, and these, based upon very conservative estimates from the reliable companies, show that Taylor's plurality will not be less than 10,000. As the returns come in they are more favorable and will undoubtedly increase the Republican plurality. Every effort has been made to circumvent fraud, should it be attempted."

RESULTS IN NEW YORK.

ALBANY, N. Y., Nov. 8.—In Albany, which was formerly Democratic, only three Democrats were elected on the city council, one by ticket and the Common Council is Republican. In Troy the Mayor-elect is an independent Democrat, elected to succeed Mayor Mulroy, who is a member of the State Democratic Committee.

In Rochester the Republican organization, headed by George W. Alrich, elected their candidate for Mayor over the Democratic Mayor.

RESULTS IN IOWA. DES MOINES, Iowa, Nov. 8.—Governor Shaw's plurality, which last night was figured at 52,000, is now declared to be 61,000 by the Republican Committee, the Democrats conceding 50,000. Comparison with the returns of the two major parties shows that the vote is much lighter. The sixty-seven counties so far reported give Shaw a plurality of 46,301. Twenty-three counties are yet to be heard from. The Republicans gained, but the Democrats still control the Council. The Republicans gained in the House of Representatives. Congressmen Cummings, candidate for United States Senator, claims he will have clear majority in the House and the Senate will be evenly divided. The results of the election of Governor, Geyer. Indications are that the Senatorial contests will not be decided by yesterday's election, and that the nomination will depend upon the legislative session in January.

MASSACHUSETTS ENDORSES THE ADMINISTRATION.

Associated Press Dispatches by

The Tribune's Special Leased Wire.

BOSTON, Nov. 8.—The vote of Massachusetts for Governor, complete, is as follows:

Crane, Republican, 168,878.

Fair, Democrat, 168,500.

The vote of 1898 was: Walker, Rep.

publican, 161,146; Bruce, Democrat, 167,900.

Republicans regard the result as an endorsement of the policy of the National Administration in the Philippines.

On the other hand, the Democrats,

pointing to the great loss in the Repub-

lican vote, claim that Massachusetts has entered a protest against expansion.

(Continued on Page 2.)

REPUBLICAN PLURALITY IN OHIO ENORMOUS.

Associated Press Dispatches by

The Tribune's Special Leased Wire.

COLUMBUS, Ohio, Nov. 8.—Chairman Dick today revised his figures so as to

claim from \$6,000 to \$8,000 plurality for Judge Nash for Governor and the rest of the Republican State ticket, and an unusually large majority in both branches of the legislature. No Senator, however, is to be elected by this Legislature.

The total vote was perhaps exceeded only at the last Presidential election. It will reach 920,000, as compared with 794,000 last year. Governor, 188,000; 1897, with which year the vote was compared.

The plurality of Judge Nash exceeds that of President McKinley in 1896, and is almost double that of Governor Bushnell in 1897. Mr. Jones was, although the largest ever polled for a third candidate, not likely to exceed one hundred thousand, and almost half of this vote was cast in Cleveland, Cincinnati and Toledo.

The semi-official returns for yesterday's election were completed at noon today and showed little change in the relative position of the candidates, as compared with the late figures of last night. Mayor was re-elected, and a large plurality, as was Wells, Republican, for Auditor. Dodge, Democrat, for Assessor, and Lane, Democrat, for City Attorney. The Democrats elected fifteen out of eighteen members of the Board of Supervisors.

The semi-official returns for the principal offices so far as the two principal parties are concerned, follows:

MAYOR.

Phelan, Dem., 25,223
Davis, Rep., 21,303

AUDITOR.

Wells, Rep., 25,717
Cummings, Dem., 23,312

ASSESSOR.

Dodge, Dem., 23,014
Hoyer, Rep., 16,423

CITY ATTORNEY.

Lane, Dem., 26,621

POLICE JUDGES.

George H. Cabaniss, Dem., 22,209
Charles T. Conlan, Dem., 21,145
Alfred J. Fritz, Dem., 23,658
John F. Murphy, Dem., 21,303
L. G. Carpenter, Rep., 18,832
Charles A. Low, Rep., 20,152
James L. Nagle, Rep., 25,834

CORONER.

A. D. McLean, Rep., 16,501
R. Beverly Cope, Dem., 19,612
C. C. O'Donnell, People's Party, 15,581

TAX COLLECTOR.

Joseph H. Scott, Rep., 24,103
Richard P. Doan, Dem., 24,350

RECORDER.

William Z. Tifany, Rep., 25,108
Edmund Godchaux, Dem., 25,646

COUNTY CLERK.

William A. Deane, Rep., 26,188
Dennis Gaury, Dem., 22,061

DISTRICT ATTORNEY.

Alfred P. Black, Rep., 22,927
Lewis P. Byrant, Dem., 25,440

CORONER.

A. D. McLean, Rep., 16,501
R. Beverly Cope, Dem., 19,612
C. C. O'Donnell, People's Party, 15,581

POLICE JUDGES.

George H. Cabaniss, Dem., 22,209
Charles T. Conlan, Dem., 21,145
Alfred J. Fritz, Dem., 23,658
John F. Murphy, Dem., 21,303
L. G. Carpenter, Rep., 18,832
Charles A. Low, Rep., 20,152
James L. Nagle, Rep., 25,834

Raining in San Francisco.

Associated Press Dispatches by

The Tribune's Special Leased Wire.

SAN FRANCISCO, Nov. 8.—Showers have been falling in this city since early this morning, and the prospects are that the rain will continue.

John Bright's Brother Dead.

LONDON, Nov. 8.—Jacob Bright, a brother of the famous John Bright and chairman of John Bright & Brothers of Scotland, is dead. He was born in 1821

and died yesterday.

WASHINGTON, Nov. 8.—A marriage license was today issued to George Dewey and Mrs. Alfred Hazen.

It is stated this afternoon that the wedding will take place on Tuesday or Wednesday of next week, though neither the Admiral nor Mrs. Hazen will give the exact day.

The British Sortie a Brilliant Success and the Moral Effect of the Victory Is Excellent.

THE BRITISH WILL MARCH THROUGH THE FREE STATE.

WAR OFFICE REASSURED BY GOOD NEWS.

Associated Press Dispatches by

The Tribune's Special Leased Wire.

QUEENSTOWN, Cape Colony, Sunday, Nov. 5.—A report that the Boers have blown up the Stormberg bridge, as a terrific explosion was heard in the direction of the bridge.

RUSSER'S AGENT CALLED DOWN.

LONDON, Nov. 5.—Special dispatch from the Hague says Dr. Leyde, diplomatic agent of Russia, has received an official intimation that his visit to South Africa during the war must cease.

COLONIANS FIGHTING IN SHIRT SLEEVES.

Associated Press Dispatches by

The Tribune's Special Leased Wire.

PIETERMARITZBURG DEFENDED.

DURHAM, N. H., Sunday, Nov. 5.—General Smith, who has been here since last Friday, has arrived at Vicksburg on his way to Swaziland.

He is believed he is going to Zimbabwe.

STORIES OF BOER TREACHERY.

It is hoped that the recent charges of Boer treachery on the part of the Boers originated in the lively imagination of the Kaffirs. Though similar charges have several times been made during the present campaign, and the Boers have done similar practices in the former Transvaal, there has not been any mention of any special violation so far in any official reports from General White or General French. It is suspected that the Boers found the powder used in the attack on the Boers.

TESTING THE ROBERTS WELLS.

Board of Works Listen
to Suggestions on
the Subject.

VALUE OF CO-OPERATION.

Papers Read at the
Convention This
Morning.

At the meeting of the Board of Public Works this morning all the members were present.

A committee from the Merchants' Exchange appeared.

Young Mr. Howe asked for a hearing for Mr. Ames who had a pumping system which he wished to explain.

Mr. Walker of the Merchants' Exchange said that Mr. Ames had said the water was so high that because the tax was limited to one kind of pumping, Ames thought he said that the restriction should be removed.

Mr. Ames said there were other methods of pumping than air pressure.

He had applied his pumps to wells on certain railroads in which there was depth of only three feet of water, and succeeded in getting them up in an hour.

Ames then displayed a number of photographs of his pumps.

The Mayor said that the pipes in the wells were old and it was feared that pressure might break the pipes, let sand in and damage the wells.

Ames added if it was advisable to test all the wells at the same time.

Mr. Clement said that that was ordered but not done.

Ames said that if a well held for twenty minutes it would hold for years.

Mr. Dow said the board might take the matter under advisement and at a future meeting the members of the Board of Public Works next Monday night, might recommend that the bids offered be rejected and bids be asked for both direct pumping and air pressure system.

Mr. Dow said that it had been represented to him that the air pressure system was the best to be employed.

Mr. Clement said that in his original specification both systems had been provided for.

The Mayor asked Mr. Ames if he did not fear the wells might be enlarged in the test.

Mr. Ames said he did not think there was danger to be feared from that direction.

The Mayor said that the wells were old, perhaps twenty-five years, and the pipes might be worn and brittle.

In response to a question from Mr. Dow Mr. Ames said that an angle in the pipe of one of the wells would affect the work of the pump.

Mr. Ames and the committee from the Merchants' Exchange then retired.

ROUTINE WORK.

Superintendent of Streets Miller reported that the Oakland, San Leandro & Hayward Electric Railway Company had taken up the paving on the Broadway avenue between Eleventh and Fourteenth street, but that the debris had been left down, and a bituminous surface was being put in place of the rails.

Mr. Dow asked whether it would be advisable to leave the ties in the pavements.

Superintendent of Streets Miller said that it would depend as to whether or not the ties had been laid on a concrete foundation.

Secretary McLeanigan of the Maywards Railway Company said that the redwood ties would last a life time.

Mr. Dow said that the ties of that kind would live a long time.

Major Snow said he had canvassed the situation and had found that the people on the street were not in favor of moving the ties, and the company under the back of the Transit Company were moved to the middle of the road.

Mr. Dow said that when that was done, the ties would be in the way.

The Mayor said not think that that would be the case.

Major Snow then moved that the Railroad Company be permitted to remove their ties without taking up the ties on which they stand.

Secretary McLeanigan said his company stood ready at any time to make good to the city any damages which might be sustained by allowing the ties to remain in the roadway.

Mr. Dow said that it was apparent that the Street Department would be up against a deficit before any other department of the city and as far as the Mayor, he would insist that there be no delay in the hand to hand everything in the city.

Mr. Dow asked if the Mayor and any suggestions to offer on the subject.

The Mayor said he had not at that time.

Mr. Dow said the subject could be discussed at a later meeting.

A communication from Superintendent of Streets Miller concerning the re-paving of the wells in the city, the corporation card with word was filed.

A resolution was adopted ordering the lighting of a room in the High School building.

The resolution was authorized to defrigeate his room at a cost not to exceed \$5.

The construction of a drain first and Market street was ordered.

G. W. Henderson was permitted to move a building from Third and Linden to Twentieth street between Grove and Castro.

REPUBLICANS TRIUMPHANT.

(Continued From Page 1)

Toledo. It is estimated that the Jones vote in Cuyahoga County will be 25,000; in Franklin, 45,000; in Lucas, 8,000 and in Huron, 5,000. Outside of the fusion towns the Republicans are holding their own in Cuyahoga County, and the Jones movement in other places, the Republicans seem to have made gains throughout the State, especially in the rural districts.

The Senate stands nineteen Republicans, eight Democrats and four doubtful, including three members from Hamilton. The House stands forty-eight Republicans, forty-four Democrats and two too doubtful, including the two members from Hamilton.

WHITE JONES WAS STRONG.

CLEVELAND, Nov. 8.—Completed unofficial returns from this, Cuyahoga County give Jones, Independent, 36,196; Nash, Republican, 34,805; McLean, Democrat, 35,395; Jones, 11,550. McLean's plurality, 1,174. Cuyahoga Republicans, forty-one; Democrats, thirty-four; independent, one. The Senate stands fourteen Republicans and seven Democrats.

RETURNS IN NEW JERSEY.

NEWARK, N. J., Nov. 8.—Review of the election returns shows no change from the figure of last night. The State Senate stands as last year, while in the Assembly the Republicans have gained seats, making the majority forty-one Republicans and nineteen Democrats. The Senate stands fourteen Republicans and seven Democrats.

THE RESULT PLEASES THE PRESIDENT.

(Continued From Page 1)

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, Nov. 8.—President and Mrs. McKinley, yesterday at Washington, received a telegram from their son, William, informing him of his father's election.

McKinley drove directly to the White House. Adjutant General Corbin, Dr. Dixey, Assistant Secretary Cortelyou and a stenographer accompanied the President to the Carlton.

NASH'S PLURALITY.

CINCINNATI, Nov. 8.—Unofficial returns from seventy-four counties in Ohio, including Cuyahoga, Lucas, Hamilton and Franklin, show Nash a plurality over McLean, 4,805. The four counties unreported give Cuyahoga a Democratic plurality of 3,717. Counting these counties the same as in 1897, would give a Republican plurality of 45,236.

THE VOTE IN UTAH.

SALT LAKE, Utah, Nov. 8.—Thompson (Prohibition) for Mayor has a plurality of 1,000, except that Green, Democrat and Auditor, Democratic Attorney, Treasurer and Justice of the Peace are elected. The Council stands nine Republicans and six Democrats; elect Mayor in Ogden, Provo, Park City and Logan.

BLACKBURN'S CLAIMS.

FRANKFORT, Ky., Nov. 8.—Chairman Blackburn of the Democratic State Campaign Committee gave out the following statement at a recent meeting:

"The election was carried out by 4,000 or 4,000 majorities. It is made his majority will increase.

FOUGHT BY PROHIBITIONISTS.

COLUMBUS, Ohio, Nov. 8.—Incomplete but almost complete returns this afternoon indicate that the Republican plurality in Ohio will exceed that of last year, and that the total may exceed \$50,000, an excess of 10,000 over last year and over 100,000 over 1897.

It is thought now that Jones may carry his home county as well as Cuyahoga.

It is reported this afternoon that the Democratic candidate, John A. Caldwell, Lieutenant Governor, John A. Campbell, the Ohio Brewers' Association and the Anti-Saloon League made a special fight with the Republicans.

The Republicans will have a majority of thirty in the Assembly, a Republican gain of six.

In Kings County, Brooklyn, the Democratic ticket received 1,000 majorities averaging 5,000, except that Green, Democrat for Register, was defeated by Lowe, 1,000 votes. This due to internal strife in the party. A number of the Democratic leaders of the party were nominated by the Anti-Saloon League.

The Republicans will have a majority of thirty in the Assembly, a Republican gain of three.

In Queens County the Democrats elected the Assemblymen and the Republicans an one.

In Richmond the one Assemblyman is, as usual, the one.

One of the surprises in New York City was the election of the independent labor leader, who was nominated for Sheriff by the Republicans, ran behind his ticket after 3,500 votes.

O'Brien is a walking delegate of the Green Party. He was nominated for Sheriff by the Republicans, who would vote for him who would scratch the Republicans of the ticket. Apparently just the reverse happened. Further, Justice J. J. Flynn, who was nominated by the Anti-Saloon League for Justice of the Supreme Court, but who was not endorsed by the Labor party, got more votes than O'Brien.

Husband Defaults.

The divorce action of Mary E. Carr against George Carr has been referred to the Court Commissioner on account of the default of the defendant.

Crawford Divorce Case.

The action of Elsie H. Crawford for a divorce from William B. Crawford has been referred to Court Commissioner Babcock to take the testimony.

THE EXCITEMENT NOT OVER.

The rush at the drug store still continues and daily scores of people call for a bottle of Kemp's Balsam for the Throat and the cure of Coughs, Colds, Asthma, Bronchitis and Consumption. Kemp's Balsam, the standard family remedy, is sold on a guarantee and never fails to give entire satisfaction. Price 75c. and less.

TRY ALLEN'S FOOT-EASE,

practically all political interest in this city and even through the State, is now centered in the question as to whether or not there will be a contest made by Robert Mauer, who was defeated by 400 votes by Mr. Stewart Tammany and citizens Union, in the Ninth Ward.

GOEBEL AND TAYLOR'S CLAIMS.

LOUISVILLE, Nov. 8.—The Times has

the following statements from the two candidates:

"COVINGTON, KY., Nov. 8.—I have advised enough from over the State that the Democratic State ticket is set by now, not less than 7,000 and there will be a wide-spread majority in each branch of the General Assembly."

"Signed," WM. GOEBEL."

"LOUISVILLE, KY., Nov. 8.—The battle of Covington has given victory to Kentucky has been fought and won, notwithstanding the disfranchisement of twenty thousand voters on yesterday. I consider the manhood of the State to be the only member outside of the regular party nominees being W. S. Shanks, Independent Democrat, from the Isle of Wight; and the remaining counties to give the Democratic ticket is elected by pluralities ranging between 3,000 and 5,000."

KANSAS, REPUBLICAN GAINS.

TOPEKA, Kas., Nov. 8.—The reports of yesterday's election of county offices in Kansas show Republican gains throughout the State.

Very little interest was taken.

The Republicans have elected six of the ten judges and two State Senators to fill the seats at large.

John C. Chaney, of Shawnee county and C. McCarney of Jefferson.

Nether had any success.

NASH'S PLURALITY.

CINCINNATI, Nov. 8.—The following bulletin was issued at 2 p. m. by the Western Union: Unofficial returns from seventy-eight counties in Ohio, estimating the remaining counties to give the Democratic ticket, gives Nash, Republican, a plurality of 48,941.

ASSOCIATED PRESS DISPATCHES.

From Board and Dr.
Allen Appointed.

Many Matters of In-
terest Come Before
the Board.

Newark Holds the Prize
For Alameda
County.

SAN LEANDRO, Nov. 8.—At the meeting of the trustees last Monday night, there were present Trustees Gray, Cary, Elter, Downie and Gullett.

The treasurer's report showed the following sums in the various funds: General fund, \$2,200.00; sewer and water fund \$2,000.00; sewer bond fund, \$1,000.00. Total, \$3,200.00.

Marshal Gelsenhofer reported \$227 collected during the month of October.

He also stated that he had received no communication from the Agricultural Department of the State University stating that encyclopedic trees

should not be planted on streets where

sewers were laid as their roots would

obstruct them in the ground.

An ordinance prepared by City Attorney Frank providing for the removal of certain trees along the streets was referred to the Ordinance Committee.

Street Superintendent Clegg was instructed to have Estudillo avenue prepared for the macadam which is to be put

on and to have the gutters on Main and Union avenues cleaned and repaired.

Mr. Williams, trustee, informed him to instruct to notify all property owners on

Estudillo avenue to make their sewer connections before the street work was

done. He complained that people refused to respond to his authority.

Mr. Frank was given \$100.00 for supervision. City Attorney Frank was instructed to investigate the matter.

The Board met last night. President Wickson, the chief, President-Directors Weller, Little, Phillips, Wickson, Absent-Director Nechus.

The Auditor's report showed bills against the various funds as follows:

County fund, \$1,282.00; library fund, \$1,200.00; school fund, \$1,320.00; town

school fund, \$783.15.

The report was approved and warrants for the bills were ordered drawn.

A communication was received from Knecht, the superintendent, requesting to use one of the rooms in the school building on San Pablo avenue in which to hold a German class every Saturday afternoon.

Trustee Weir stated that if no fee was charged it would favor granting the request, but if the class was to be a private one and tuition charged he would be against it.

President Wickson thought that the fact the French school was being conducted in the same building made it seem like discriminating to deny the privilege to a teacher of German.

He said, however, that the use of the public schools ought to be confined to public purposes.

Trustee Phillips stated that the French class had been allowed the use of the rooms on the petition of a large number of people who said that the teacher was not charging tuition. Mr. Helmrichs, however, wished to start a private school for his own private gain and he did not believe the request should be granted.

Action on the matter was deferred until the next meeting.

After the reading of his monthly report Superintendent Waterman stated that while the children of the students of semi-annual promotion on a ideal one in large communities, it had been adopted about four years too soon in Berkeley. He compared the schools of Alameda and Oakland to those of Berkeley.

Alameda and Oakland, he said, the classes were so large that a teacher was required for each grade and consequently had all her pupils together. But in Berkeley the classes were small and teacher was compelled to have charge of two grades.

This was especially hard, he said, in the lower grades, where the little ones required the undivided attention of the teacher.

He suggested two remedies. The union of like grades in adjoining districts or the addition wherever possible of new schoolrooms and new teachers.

He also called in the attention of the Board the fact that on the first of January the advanced half of the seventh grade would be entirely unprovided for.

After some discussion the problems were referred to the Classification Committee and the School Board, with instructions to investigate the matter and report at the next meeting on the best way out of the difficulties.

Trustee Tisdale handed in his resignation, a copy of which was read by the Board and recommended that Dr. W. Allen be appointed his successor.

Mr. Tisdale stated that as he had moved to San Francisco he was unable to discharge the duties of the office.

His resignation was accepted with regret and Dr. Allen was unanimously elected as his successor.

The monthly report of the school superintendent was read. It showed that the 2,400 school children were well.

Upon motion of Director Sutherland an appropriation of \$20 was made for the improvement of the school grounds at the Cork School. Director Sutherland stated that the grounds needed a great deal of fertilizing material as the soil was very poor at present that nothing could be grown on it.

The matter of burning wood in the school instead of coal was referred to the Finance Committee to report on the comparative cost.

The meeting then adjourned.

A FUNERAL.
Captain Frederick Augustus Gardner, an old resident of Berkeley, died yesterday morning at his home on Vine street. The funeral took place this afternoon at the Odd Fellows' Cemetery, San Francisco.

PERSONALS.
Mrs. Mary Johnson of Parker street has removed to San Francisco.

Rev. C. S. Adams is visiting friends in Capitola.

Mr. and Mrs. T. N. Tracy are enjoying a short vacation in Sacramento.

Mrs. G. W. Schultz will leave in a short time to join her husband at Byron Springs.

DEATH OF CAPT. GARDNER.

Captain Frederick Augustus Gardner, who was one of the most prominent men of the city, died at his home on Vine street yesterday morning. The deceased was a native of England, aged 56 years.

The local Association will meet this evening. Now that the material for the hall is being put up the work of erection is about to begin there is a great deal of business to be transacted.

PERSONALS.

Mr. Albert has gone to Shasta county on a business trip.

BUFFALO LITHIA WATER

The Remedy and Preventive.

John V. Shoemaker, A.M., M.D., LL.D., Professor of Materia Medica and Therapeutics in the Medico-Chirurgical College of Philadelphia, author of Shoemaker's Materia Medica and Therapeutics, in the New York Medical Journal, July 22, 1899.

"Chronic Dyspepsia.—Long-continued embarrassments of digestion are the fruitful cause of various remote ailments.—That form of HEPATIC INSUFFICIENCY which permits the production and accumulation of URIC ACID is the source of RHEUMATISM, GOUT and LITHIA. ACUTE RHEUMATISM may be ranked among the infectious fevers due to the activity of a micro-organism, but dietic derangements certainly are very closely connected with its evolution. CHRONIC RHEUMATISM is indisputably allied with notable failure of the digestive functions. The same is true of LITHIA and GOUT. In other directions BRIGHT'S DISEASE, GRAVEL and CALCULI as well as DIABETES MELLITUS are the outcome of habitual and CHRONIC INDIGESTION. In all varieties of this distressing ailment, therefore, we should endeavor, by well chosen and prompt measures, to counteract the dangerous tendencies of digestive failures. Auto-intoxication of gastro-intestinal origin is capable of assuring a variety of forms and different grades of intensity. As is well recognized, a number of diseases of the SKIN are produced in this manner, and are never cured until their mode of origin is traced. In many cases of AGGRAVATED DYSPEPSIA the water has exerted a VERY BENEFICIAL INFLUENCE."

"From numerous cases of chronic dyspepsia of different forms, the following have been chosen as exhibiting the good effects of this water."

[Report of Four Cases of FLATULENT DYSPEPSIA omitted for brevity.]

cial hop to be given by Mt. Eden Camp on the 20th of November at the Wigwam on Sunday evening, November 20. All attending will be guaranteed good time.

Sugar beet pulp is being hauled in large quantities from the fields of Mt. Eden Camp and farmers of this vicinity. It is a wholesome and fattening food.

In a meeting of the Mt. Eden Improvement Club last Tuesday evening they assumed the trust of maintaining the open-air library, and a committee was ap-

pointed which club has been formed. It is to be called the "Union Club." It will hold its first meeting with Mrs. Maytree Wednesday evening.

The regular meeting of the Woman's Club will be held Saturday evening with Mrs. Elizabeth Scott as president.

Communication services were held last Sunday morning in the Congregational Church.

A cedar set of maps have come to work on the steel railroad bridge. The company has two boarding cars side-tracked near the post-office to board the men now employed.

A meeting of the Mt. Eden Improvement Club last Tuesday evening they assumed the trust of maintaining the open-air library, and a committee was ap-

pointed which club has been formed. It is to be called the "Union Club." It will hold its first meeting with Mrs. Maytree Wednesday evening.

Large wagon loads of extra choice potatos are being hauled through town for Mt. Eden Camp and Oxford.

Pruining in most of the orchards is in progress.

Five additional carpenters have been put to work to roof the houses so that they may be roofed before the rain sets in.

New furniture has been placed in the Wisby cottage. We wish the couple good luck and long life.

Mrs. Minna Crocker, in company of Miss Emma Schaefer, paid San Leandro a visit recently.

arrested yesterday afternoon at Alameda on a charge of forgery, and it is likely that the federal authorities will place other charges against him. Teeg, called at the Alameda postoffice a few days ago and asked for mail addressed to him. Smith was unable to tell him to whom. A letter containing a check for \$200 was handed out, and he subsequently forged the endorsement on the back of it and attempted to pass it on back of George Ross, a grocer. The latter became suspicious and, communicating with John Smith, learned that the letter had passed to him. The latter notified the post office, and the letter was immediately seized and Teeg was soon caught.

PLAYED OUT.

Dull Headache, Pains in various parts of the body, Sinking at the pit of the stomach, Loss of appetite, Feverishness, Pimples or Sores are all positive evidences of Impure blood. No matter how bad the condition may be, it can be remedied in order to obtain good health. Acker's Blood Balsm has never failed to cure Scrofulous or Syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy and we give every bottle on a positive guarantee. Sold by Osgood Bros.

WEDNESDAY..... NOVEMBER 8, 1899.

The honors at Ladysmith appear to be with the British after all. The news was a long time reaching England, but it was of the right kind when it did come along. General White appears to have more than atoned for that blunder he so frankly confessed to.

Admiral Dewey's bride-elect has been having him out on a shopping tour in New York already. This is, however, right in line with his theory of taking time by the forelock. He probably wanted to see exactly what kind of proposition he had to tackle while there was yet an opportunity to back out.

Major Snow must be of the opinion that that last letter of Councilman Howe's name is superfluous, judging by the way the Seventh Ward representative has put on war paint and is after the executive's scalp. What puzzles some people, though, is why this sort of thing is going on and the next campaign so far away.

The new rules of the Oakland School Board placing greater restrictions upon the present system of obtaining leave of absence, by compelling excuses to be written by the parent or guardian, will probably develop a good many cases of "Jim the Penman." It is almost as hard to make a would-be truant go to school as it is to lead a horse to the water and compel it to drink.

The application of the automobile to towboat purposes along the banks of canals is one where, if it is to be effective at all for freighting purposes, it should be at its best, for speed is a secondary consideration to that of motive power. The experiments so far are said to have been singularly successful, so it looks as if the horse is about to be retired from another sphere of its usefulness.

It will not be the fault of the promoters of the approaching irrigation convention if failure attends their efforts to obtain a representative gathering, for vigorous work has been done all over the State with the object of stirring everyone up to a full realization of the importance of the subject. The 14th of this month is the date set for the session, and as failure means indefinitely postponing an opportunity to bring millions of acres under cultivation, there should be but one sentiment as to the outcome.

Samoa is evidently destined to be another stepping stone for Uncle Sam in the Pacific, for it seems well assured that the islands are to be divided up between this country, England and Germany. When Horace Greeley gave his famous advice about going West to grow up with the country he little dreamed how far Uncle Sam would have an opportunity of traveling before the century was over. Hawaii, Samoa and the Philippines make a pretty good showing for the past three years, and it is not beyond the possibilities that we will make a landing on the Chinese coast next, for the powers are evidently determined to slice up the great Mongolian empire at the first possible opportunity.

SAN FRANCISCO'S ELECTION.

The expected has happened across the bay, for despite the energetic fight in behalf of the Republican ticket the Democrats may be said to have captured the entire city. The rolling up of a majority of 7,000 for Mayor Phelan, the election of the entire county ticket with the exception of three or four places and the fact that apparently fifteen out of the eighteen of the Democratic nominees for Supervisors have been successful, is a victory so thorough that there can be no question as to the status of public opinion.

It is a pity that national issues were injected into the campaign by the Republicans, for the Democrats will endeavor to use the work in that regard as a boomerang later on, whereas, as a matter of fact, such propositions did not enter into the controversy at all, the elections turning absolutely upon the personal merits of the candidates.

An interesting feature of the election is that among the very few successful Republicans are the two soldier candidates, Colonel Victor Faribault and Major Boston, who commanded the Californians in the Philippines and who were placed upon the ticket as nominees for Supervisors. The singling out of their names by the voters shows a sense of gratitude that speaks volumes, and the two gentlemen in question can well feel proud of the personal compliment paid to them.

A REPUBLICAN LANDSLIDE.

Another glorious victory has been won by the Republican party, and it carries in its train a certain national triumph next year, for the results of yesterday's elections the other side of the Rockies show beyond all question that the people are determined to stamp the seal of their approval upon McKinley's administration. When, a few months ago, the various State campaigns started up and the issues were cast, it was realized that upon the outcome would rest to a considerable extent the framing of the situation for next year, and thus it was that Democrats and Republicans alike set themselves determined to the task of endeavoring to swing public sentiment.

The returns settle beyond all shadow of a doubt the mooted question of popularity. In Ohio, where the battle raged the fiercest on account of its being McKinley's home State, the victory has been the greatest, for despite the popularity and influence of McLean, the Democratic nominee, and the fact that an independent candidate polled 75,000 votes, Judge Nash, the Republican standard bearer, is elected by a full 50,000. This result may be said to establish McKinley as the Republican nominee for President next year, for it was well conceded that had Ohio been lost to the party another candidate would have appeared in the field, whereas such a glorious victory as has been achieved will be an effectual bar to any other aspirant.

The victory in Kentucky is second only to that of Ohio, for the blue grass State seems to have now firmly established itself in the Republican column. A majority of between 6,000 and 15,000 for the Republican gubernatorial nominee, a Republican legislature and the certainty of a Republican United States Senator is evidence beyond all dispute.

In New York the Republicans have made splendid headway, for although the Tammany organization succeeded in retaining control of the Assembly districts in New York city, the Republicans swept the State outside of the metropolis and will have a good majority in the Legislature. Kansas disappears from the doubtful list and declares itself Republican, while despite fusion in South Dakota the Republicans carried everything before them.

About the only consolation Bryan can get out of the returns is that the saved his home State by a majority of 15,000, for there is of course little credit attached to the Democrats in the carrying of Virginia, Mississippi and even Maryland, for in those States the old-time issues have yet not died out, and the people still pin their faith to the minority cause. These exceptions, though, are more than offset by the magnificent Republican majority of 61,000 in Massachusetts, the sweeping victories in New Jersey, the carrying of Pennsylvania, Iowa, where over 40,000 votes stand to the Republican credit, the Democratic vote in many instances almost entirely disappearing.

The handwriting is on the wall and cannot be mistaken. Immense Republican juries, the hollow manner in which the battlefields of Ohio and Kentucky were carried, the solid lining up in the Republican column of doubtful districts and the fervid enthusiasm with which the news has been received throughout the country—all of this can have but one meaning, that the nation is well satisfied with the way its affairs have been conducted during the past three years, and that when the polls are opened in 1900 for the casting of the verdict, it will be in favor of continuing in power those who have fulfilled their trust so well.

The anonymous letter writer is again in evidence, as witness the complaint lodged with the Board of Health. The man who tries to institute reforms by dark lantern methods should always be severely ignored. If he is too cowardly to come out into the open no attention should be paid to him whatever. Newspaper offices have to contend with a great deal of this sort of thing, and the rule that has been established of consigning to the waste basket all anonymous communications is golden one.

Schley's great reception in the South is another of the many remarkable evidences of the way public sentiment runs regarding that famous Santiago Bay controversy. As a matter of fact, he is getting far more benefit out of the way Sampson and the Navy Department treated him than if everything had been left to its merits, for the people got an idea that he was being "thrown down," and Americanism never fails to declare itself with the under dog on a proposition of that kind.

MERCHANTS AND MEN WHO WORK

Hold Consultation on
the Home Trading
Proposition.

orators' Union said he felt sure that his organization would co-operate with the trades union movement. There was surely no over production when there was a man, woman or child in need of food or clothing. In the matter of the distribution that should be improved.

Chairman Sinclair thanked the visitors for their presence and extended an invitation for them to be present at any meeting of the association.

George W. Arper explained to the Exchange a water pump invented and manufactured by A. T. Ames, which will pump a continuous stream of water.

Mr. Arper said that it was the only pump of its kind which he manufactured and Oakland should make inducements to its inventor to establish a factory in this city.

The meeting then adjourned.

BISMARCK'S IRON NERVE.

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills.

They develop every power of brain and body. One tablet cost 5¢, box, Seven and Broadway.

48 ROLLS MATTING.

We have ten days to sell them in. An excellent line of household goods offered at exceptionally low prices, at the old Reliable H. Scheitlaus, 408 Sixteenth st., cor. Franklin st.

They make one feel as though life was worth living. Take one of Carter's Little Liver Pills aftertasting; it will relieve dyspepsia, aid digestion, giving one and vigor to the system.

"Third, to formulate a plan by which the representatives of labor and management and establishments that exist can have their tables brought into general prominence; and last, to suggest to the public bodies of this city and county a plan by which all may be work in the employes of labor in Oakland and Alameda county and conducting their business therein.

"There have also been suggestions made, the labor part, to the firms which are fostering the home trading movement. We invite your consideration of these matters."

TWO IN ONE. OLYMPIA-HARVEY & CO.—Mr. Barnard was asked to explain the matter to those present so that a thorough understanding of the object desired could be had.

Mr. Barnard said that while this master is being discussed and brought into prominence, labor not only learns what goods are manufactured by him, without regard to the fact as to whether the manufacturer is to be held responsible, but also demands for those goods at the stores and demonstrates that through their efforts more people can be given work in the community.

"Third, to formulate a plan by which the representatives of labor and management and establishments that exist can have their tables brought into general prominence; and last, to suggest to the public bodies of this city and county a plan by which all may be work in the employes of labor in Oakland and Alameda county and conducting their business therein.

"There have also been suggestions made, the labor part, to the firms which are fostering the home trading movement. We invite your consideration of these matters."

THEO. GIER'S SAUTERNE

is produced from vines that were imported from the Sauterne District of France in 1884. No foreign white wine can compare with it, being mellown, rich in flavor and lacking the acidity so common in most dry wines.

No matter how long in bottle it is absolutely clear. It is remarkably cheap for its type of wine.

H. B. Wayne of the Painters' and Dec-

A number of delegates from the different trades unions in the city were present, while the secretary, the weak master of the Merchants' Exchange last evening. The principal topic discussed was the organization of a united effort on the part of the merchants and manufacturers to effect a general protection and benefit. The patronage of home industry and the best way to secure it was the theme of most of the addresses. The meeting was presided over by Mr. Sinclair in the absence of Mr. D. Cushing. The committee on home trading, Messrs. U. D. Cushing, F. J. Lea and A. Schleifer, presented the following report, which was read by Secretary M. A. McNeely:

"Your committee on home trading report that they are continuing to take steps to bring new industries to Oakland, and in a short time shall suggest that another open meeting be held to discuss the question of the formation of a sub-committee to be called the Home Trading Committee, which will be composed of various individuals who are interested in the welfare of this city.

"There are some projects in view that, if they can be carried out, we hope will make the carnival world a grand success. We will know before Friday next whether we will be able to get on these plans. If so, we will then make them public. For this reason the sub-committee will only report progress this evening."

"Inasmuch as the representatives of labor are invited to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Second, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Third, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Fourth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Fifth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Sixth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Seventh, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Eighth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Ninth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Tenth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Eleventh, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Twelfth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Thirteenth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Fourteenth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Fifteenth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Sixteenth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Seventeenth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Eighteenth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

"Nineteenth, to be with us this evening, after having conferred with some of their representatives who concur with us in considering it a wise measure to follow this line of action. First, the advisability of encouraging the manufacturers to unite their works upon the guarantee of labor that there shall be no strike, in that all radical differences between employer and employee will be accommodated by arbitration. Labor in return will be bound to accept the award of arbitration, and to submit to the same.

FIELD AND CLUB.

Reliance Club Is Now Y. M. C. A. Athletes Eastern Players Will in a Prosperous Condition. Are Making a Fine Showing.

Be Seen on the Diamond.

Fall sports are at their height. Football, golf, baseball and tennis are attracting a great deal of attention at present. Football devotees are looking forward with interest to the Thanksgiving giving Day, which will decide the inter-collegiate championship for another year. In fact the busy season has just commenced. Several interesting tournaments and matches are scheduled for the fall and winter season. Baseball is drawing to a close. Interest in the sport, however, is very keen, owing to the close fight for the pennant between the leading teams. The games of the Oakland and San Francisco Y. M. C. A. are very noisy. Every week brings forth some new features of interest.

Reliance Notes

West Oakland Club.

The outlook for the West Oakland Club is very bright, and the membership is rapidly increasing. Twenty applications have been accepted by the Board of Directors. The Committee on Entertainment has arranged an entertainment and dance to take place on Saturday evening, November 11th, and a bingo program will be arranged when provided for. It is expected that all previous decisions of the club will stand.

Instructors E. Simpson and C. Conroy have their hands full on class nights. Wednesday evenings the girls are in session, and Friday evenings the boys. Classes of twenty-five to thirty members, straining for boxing and wrestling instruction, and there is quite a lot of promising material in this line.

M. Whistler and Al Fick are improving rapidly in their work, and will be ready to instruct the club to pitch these men in the near future. Messrs. E. Conroy and H. Davis have arranged a trip around the bay in their motor boat, which he has built and fitted up in luxurious style, and the trip is to wind up with a champagne at Angel Island.

G. Pritchard, manager of the West Oakland Club, has arranged a tournament to be one of the best amateur teams on the Coast within a few weeks, as they have them practicing every Sunday, and the team is rapidly gaining in form.

A. L. Whistler, of the Seminary, has tendered his resignation, to take effect next Saturday. Mr. Davis will take a position with the hardware firm of C. A. Welch. He has proved an efficient worker, and the board of directors were sorry to have him leave, although glad to know that he leaves to take a better position.

The board of directors will take action Thursday evening filling Mr. Davis' place. There are several applicants for the position.

Bowling has taken a boom during the last couple of weeks. The alleys are kept open from 8 p.m. until 12 m., and some sort of a game is in progress.

Among the new members are the following: Harry Wager, Dr. Weston, George Austin, Fred Dowdell, Dr. Kipper, Dr. Thompson, Elmer H. May, T. Hughes, B. Bradshaw, B. Sherman, L. Hardy, H. Thessell, F. Freeman, G. Freeman and E. Keay.

In the gymnasium the classes are the usual, and everyone is doing well. The class work, considering special work being done in the way of tumbling, horizontal bar work and club swinging, Charles Slabberg and Frank Scott are proving especially good. The men's class, which is making considerable comment in the club, while swinging the clubs, they do juggling net, exchanging clubs. The effect is very pretty.

Two new triple barton bars which the club has purchased recently have been fitted up and are now ready for use.

All the lockers in the club have been overhauled and painted. The members have been busy during the week putting on fastenings. Each locker of a locker must provide his own lock.

On the gymnasium night, which will be the first of the month, there will be two ten-round bouts of exceptional interest. Pete Racoon of the Olympic Club has been matched with Ed. Smith of the Reliance. They will meet at 8 p.m. The bout promises to be a good one, as both men are experienced fighters.

Preliminary try-outs will also be given.

On the 15th a ladies' night will be given. The evening's entertainment will include good old fashioned music, and the orchestra will be in charge of the affair. The Reliance orchestra will be on hand with some excellent selections.

The juvenile class has made great improvements under the direction of instructor Harry Golder. New members are joining every class day. The classes are doing exceptionally well in pyramidal work and club swinging.

Charles Slabberg and Frank Scott are particularly uniform in their presentation of the club colors. The shorts are black, the trunks black and the shirt white. The slippers worn are also white. The club has arranged to give medals for the best performance in each class, and the boys are striving hard to secure the prizes.

Phil Rosenheim has posted notices that the indoor baseball team will have a practice game on November 8th. On November 10th the team will meet the Y. M. C. A. team.

Walter Smith, who has lately returned from Manila, will spend the winter at Los Angeles.

Burton Blair has returned from a two-weeks' hunting and fishing trip to Baja California. While away Blair was sending back reports to the club of the excellent fishing and the beauty of the country. The other day, however, he let it out that one of the big fish he had taken was a trout. While talking to one of the club members he remarked that he had spent two weeks on the trip and had caught only a lone pike and two eels.

At the last meeting of the board of directors the following were elected to membership:

D. W. Carpenter, G. R. Thompson, William F. Stocker, F. P. Summers, C. Read, Smith, Henry Spencer, Alfred Riedy, William C. Read.

IDEAS FOR CHRISTMAS!
